UL

### **Key Objective(s)**

To work cooperatively with the Chinese authorities and other industry associations to protect consumer's safety and brand owners' interest.

### **Introduction**

Lighting products are daily used by consumers. Currently the counterfeit goods in the market is serious which goods is dangerous to consumer' life and property. Lighting IWG will focus on the following:

- Do some training for government enforcement officers (AIC, TSB, PSB, Customs...)  
in several hot spots;
- Raise Lighting IWG' common issues to relevant authorities for action;
- Work together for specific actions.
