

Wireless & Integrated Circuit

Industry Working Group (IWG) Fact Sheet

无线与集成电路行业工作组情况说明书

Group Coordinator: Kelvin LIU, Qualcomm
小组协调员: Kelvin LIU, 美国高通公司

Group Members:

Key Objective(s)

主要目标

To work collectively and cooperatively with stakeholders, in the field of IPR protection in the wireless and integrated circuit industry, including but not limited to industry peers, sister associations, the Chinese authorities to promote awareness, protect consumer's safety and confidence in their choice to communicate, work and play!

无线与集成电路行业工作组致力与本行业内知识产权保护领域的各利益相关方（包括但不限于业界同行、兄弟协会、政府部门等）共同交流合作，提升知识产权意识，保护消费者权益和信心而达致其自由选择交流、工作和玩乐的方式。

Introduction

介绍

Wireless & Integrated Circuit Industry Working Group (IWG) consists of major players from a wide range of industries such as integrated circuit, mobile telecommunication, networking equipment, computing, home lifestyle appliance and device. One aspect of the IWG's activities is to share best practices and promote collaboration among members for the common interests of all. The group also strives to identify opportunities to work with existing and potential partners, domestic or abroad, to promote IPR awareness relating to the industries the group represents and enhance IPR enforcement in China in the fight against infringement and unethical practices that are detrimental to the ultimate goal to build a clean, healthy and worry-free harmonious society.

无线与集成电路行业工作组成员来自集成电路、移动通信、网络设备、计算机、家庭生活用具及设备。本工作组活动的一个方面是分享最佳实践，以共同利益为基础促进成员之间的合作。此外，本工作组还努力寻找与国内外现有和潜在合

作伙伴合作的机会，以提升本行业相关的知识产权意识，加强中国知识产权执法力度，打击侵权行为和不道德行为，构建清洁、健康、无忧的和谐社会。
